Skills Summary

Expertise

About Me

I hail from Rwagitima, Gatsibo District, Rwanda, where I spent my formative years and completed my primary education. Subsequently, I pursued my secondary education in the vibrant capital city of Rwanda, Kigali. Presently, I reside in Kigali. Despite my professional and personal endeavors, I remain single.

Experience

Antonio

2018 - 2020

- I have worked in AntonioGwaneza Company doing the accounting using RRA software and it was a good experience working on real life project.

IwaNest

2020 - 2023

- I have worked in IwaNest project for a long time and it was a software that we build which was working on real estate services.

ProjeXess

2023 - Now

- Right now I am working on this project which is a very good software that we are developing that facilitates project management.
